

Face Shield

Featuring Lexan™ 8010 Polycarbonate

Product overview

Everyone is excited to go back to school soon. With rp+m's Face Shields, you can see everyone's smiles clearly.

The shields keep your students and staff safe, comfortable and visible. They also keep costs down: with proper cleaning, the Face Shields can be safely reused.*

Composition

- Visor is medical grade acrylonitrile butadiene styrene (ABS) - ISO 10993 and USP Class VI
- Shield is Lexan™ 8010 Polycarbonate (complies with ANSI Z78.1 face shield protection .030"), which offers a clear, uncompromised field of vision
- Face Shield dimensions: 15.5" x 9.25"

**When disinfecting or sanitizing your rp+m Face Shields, proper procedures should be taken. See below for recommendations.*

Industry applications

- Schools, daycare facilities
- Medical, dental, veterinary
- Retail
- Barbers, hair and nail salons, spas
- Transportation, delivery services
- Hospitality, restaurant, food production

Pricing and delivery

- \$14 each, with minimum order of 10
- Free standard ground shipping via the US Post Office is included.
- If requesting a different shipping carrier or for expedited orders, additional charges may apply.

← **Our Face Shield makes the grade for teachers, staff and students** →

The custom design extends below the chin and allows for a full range of motion.

← Front view

→ Adjustable closure cord

To minimize the risk of damage, Face Shields should be cleaned after each use with soap and water and can also be disinfected with isopropyl alcohol (30%).

Be smarter.
