

Food Service Resources

Let us help you

Improve Operational Efficiency in your Lunch Room

LINQ offers food service point-of-sale and back-of-house systems, payments and the parent-facing LINQ Connect mobile app, digital forms and workflows, and related operational tools. LINQ partners with districts to simplify administrative processes, improve operational efficiency, and support a positive experience for students and families.

OHIO SCHOOLS COUNCIL
PREFERRED PARTNER

LINQ

Product/Services

- Offers solutions including food service POS and back-office systems, payments and online ordering, digital forms and workflows, and the Ohio CRRS (Claim for Reimbursement and Reporting System) feature, which enables streamlined, integrated claim submission from LINQ School Nutrition (LSN)
- Supports better experiences for students, families, and school staff
