A Network in Action, Supporting Student Success.

ANNUAL REPORT 2025-26

OHIO SCHOOLS COUNCIL

LETTER FROM OUR EXECUTIVE DIRECTOR

Dr. William J. Zelei

Executive Director
Ohio Schools Council

Dr. Zelei has led the Ohio Schools Council for over a decade with a steadfast commitment to serving students and supporting schools across the state. Under his leadership, the OSC has grown significantly in membership and impact, delivering cost-saving programs and essential services to help districts thrive.

Together, We're Stronger.

Dear Members and Partners,

The Ohio Schools Council (OSC) and the Greater Cleveland School Superintendents' Association (GCSSA) were built on a simple but powerful idea. **When school leaders work together, students benefit.**

In the 1950s and 1960s, superintendents across Cuyahoga County began meeting regularly to discuss shared challenges facing their districts. What started as informal conversations evolved into a structured partnership focused on collaboration, shared knowledge, and a unified voice for public education in the region.

From these early efforts, in 1966, the Greater Cleveland School Superintendents' Association was formally established. District leaders came together to address issues no single district could solve alone, collaborating on curriculum initiatives, professional learning, research, and operational planning that supported schools across the Greater Cleveland region.

One idea that emerged from these early collaborations was cooperative purchasing, which allowed districts to pool resources, stretch limited education dollars further, and maximize the impact of public funds. With the deregulation of natural gas, in 1986, that spirit of collaboration grew into the Greater Cleveland Schools Council which, through growth in membership and programming, eventually became Ohio Schools Council.

Today, that same member driven spirit continues to guide our work. Through expanded procurement opportunities, to diverse networking groups, shared discussion boards, professional development and collaborative programs, school leaders exchange ideas, solve problems, and support one another.

What began with a small group of superintendents has grown into a strong network of collaboration of more than 350 members, in 49 counties, primarily across northern Ohio, which in turn serve more than 600,000 students on a daily basis.

This year's report highlights the continued impact of that collaboration, from expanded services and new programs to meaningful cost savings and shared learning opportunities.

As we look ahead, both organizations are approaching important milestones. The Ohio Schools Council will soon mark 40 years of service, and the Greater Cleveland School Superintendents' Association will mark 60 years of leadership and collaboration.

In the coming months, we look forward to sharing more of this history as we celebrate our organizations and the members who have helped shaped them. The idea that brought our founding leaders together decades ago continues to guide our work today. Our strength comes from the members who collaborate, lead, and support one another. Together, we are proud to continue building on that shared foundation.

With gratitude,

Dr. William J. Zelei
Executive Director
Ohio Schools Council

2025-26 FINANCIALS

GENERAL FUND: ENDING CASH BALANCE

\$9,457,375

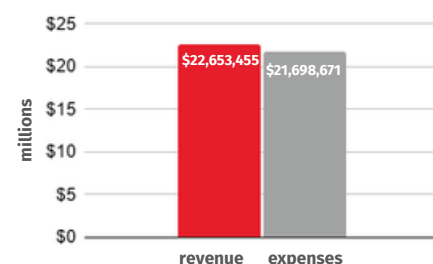

GENERAL FUND: REVENUE AND EXPENSES

AGENCY FUND: ENDING CASH BALANCE

\$3,836,184

AGENCY FUND: REVENUE AND EXPENSES

OSC GENERAL FUND: The OSC concluded Fiscal Year 2026 in a position of continued financial stability, supported by strong member participation, responsible fiscal management, and strategic reinvestment in services that meet the evolving needs of Ohio's educational institutions. The past several years have marked one of the OSC's most significant growth periods, with membership reaching 350, including school districts, educational service centers, career centers, and affiliate organizations.

General Fund revenues totaled \$3,322,241, with expenditures of \$3,666,059. OSC maintained a strong financial position, ending the fiscal year with a General Fund balance of \$9,457,375, ensuring ongoing capacity for growth and sustained support for member organizations. Expenses included a transfer of \$900,000 to fund future capital improvement needs of the OSC.

In response to member needs, the OSC introduced several high-impact programs during FY26, including but not limited to Protective Exterior and Fire Door Inspections, Abatement Services, Environmental Consulting Services, Food Service Point of Sale Systems, Weight Room Inspections, Bleacher Inspections and many other programs/services. These investments reflect the OSC's ongoing commitment to financial stewardship, service innovation, and delivering tangible value to the growing number of educational institutions we serve.

OSC AGENCY FUND: In Fiscal Year 2026, the OSC Agency Fund continued to manage the routine receipts and disbursements associated with the Natural Gas Program and Life Insurance Program. During the year, the Agency Fund recorded revenues of \$22,653,455 and expenditures of \$21,698,671, reflecting consistent program activity and stable participation.

Celebrating Circle of Excellence

The Ohio Schools Council launched the inaugural Circle of Excellence Awards to recognize exceptional food service, custodial and maintenance professionals whose dedication, leadership and expertise are essential to the success of Ohio's schools.

Ten outstanding professionals, along with keynote speaker Dr. Michael Barnes, were recognized at the Fresh Perspectives Conference on June 6 and Custodian and Maintenance Leadership Conference on June 13. Recipients were honored alongside colleagues, family and friends and received commemorative glass awards celebrating their service and contributions.

As part of the recognition, each recipient will have the opportunity to designate a graduating senior to receive a \$500 scholarship in May 2027, supporting students pursuing careers in fields that serve schools and communities.

OSC congratulates the inaugural Circle of Excellence recipients and celebrates the countless operations professionals whose work makes a difference for students, staff and communities every day.

“ The launch of the Circle of Excellence Awards represents an important opportunity to shine a spotlight on the people who are fundamental to the daily success of our schools. We are honored to recognize these exceptional individuals and celebrate the difference they make in school communities across Ohio. ”

Chad Welker, Assistant Executive Director of the Ohio Schools Council

“Recognizing educational leaders statewide is an opportunity to celebrate the meaningful work happening in our schools every day. Our members are shaping the educational experience for students while strengthening the communities they serve through their leadership, vision and commitment. The Ohio Schools Council is proud to support these leaders with the resources, partnerships and solutions they need to continue making an impact on education. Together, we can help ensure Ohio’s students and communities have the opportunity to thrive.”

Supporting Schools Through Smarter Solutions

OSC's programs and industry expertise generated more than \$52 million in savings for members across FY24 and FY25.

These savings include:

- **Over \$33 million** through energy programs
- **Over \$19 million** through non-energy programs
- **Over \$433,000** in rebates and refunds

These results demonstrate the value of OSC's expertise and commitment to helping members reduce costs and operate more efficiently. By strengthening the financial health of hundreds of districts, OSC helps schools focus more resources where they matter most, serving students and their communities.

As districts navigate funding challenges, OSC continues to work alongside existing and new members to identify needs, share knowledge and develop cost savings solutions.

As OSC and the Greater Cleveland School Superintendents' Association celebrate a combined 100 years of service, we remain committed to the foundation that has guided us throughout our history: **listening to our members, innovating to meet their needs, and providing solutions that help schools succeed.**

Show your community the value of OSC membership. Share your district's annual OSC Savings Certificate, released each November during the OSBA Capital Conference, to highlight the savings your district achieves through the power of collaboration.

FY 24 & FY 25 LEADERS: TOP SAVINGS OVER \$1 MILLION

\$1,399,464	Sylvania School District
\$1,365,840	Parma City School District
\$1,248,156	Cleveland Heights-University Heights City Schools

\$131,594	McDonald Local Schools
\$95,200	Southington Local Schools
\$62,020	Montpelier Ex Vill City Schools
\$61,836	City of Lorain

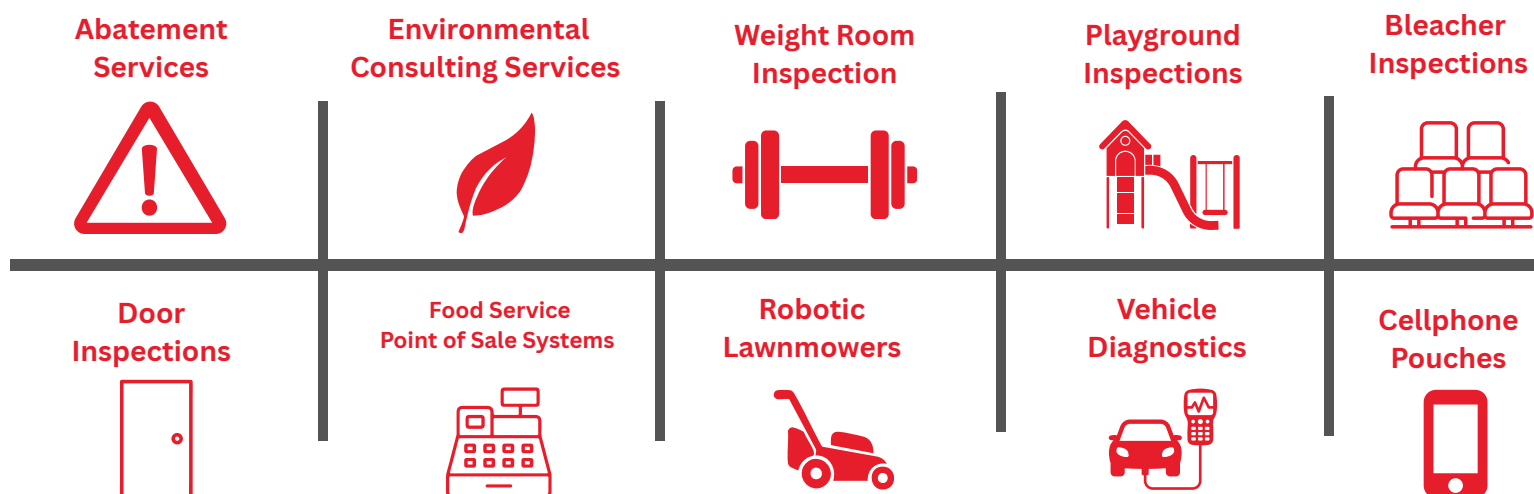

Listening Leads to Innovation

Member feedback helps OSC build new programs that improve safety and operating efficiency.

Our members shape our services. Through open dialogue and collaboration, they help us identify challenges in their operations and develop solutions that improve efficiency and deliver results, allowing districts to focus on what matters most: educating students. OSC Networking and Advisory Committee meetings drive conversations, share best practices, and provide a platform to find solutions to common challenges. Thanks to active member involvement, OSC introduced 10 new programs in FY26.

And we continue to grow. Coming in FY27, a new general design-build contract, expanded professional and construction services, and additional supply categories.

Better Together Through Collaboration

“We’re Better Together” is more than a motto: it’s how we serve members.

With more than 40 percent of business managers and maintenance supervisors having fewer than three years of experience, collaboration and knowledge-sharing are more important than ever. OSC’s monthly networking meetings connect emerging leaders with experienced professionals while sharing best practices, legislative/grants/policy updates, and industry trends.

Between meetings, members stay connected through online discussion boards to ask questions, share resources, and receive updates from ODEW and other statewide organizations. OSC also surveys members to gather feedback and share information across districts.

Members are encouraged to take advantage of OSC’s five networking groups: **Business, Transportation, Food Service, Maintenance, and Safety & Security.**

Connect with your peers. Share what works. Learn from others. Join one - or all - today!

Investing in the People Who Keep Schools Running

More than 600 school operations professionals came together this summer to learn, connect, and celebrate the people behind student success.

In June, OSC hosted two major professional development events designed specifically for the professionals who keep Ohio schools running.

Nearly 200 food service professionals attended the **2nd Annual Fresh Perspectives Food Service Conference** at Cuyahoga Valley Career Center. Participants connected with peers and vendors while engaging in practical sessions on scratch cooking, nutrition, menu planning, sanitation, leadership, and other best practices.

The following week, more than 400 custodial and maintenance professionals gathered at Orange High School for the **4th Annual Custodian and Maintenance Leadership Conference (CMLC)**. Centered on the theme **“How Do You Measure Up?”**, sessions focused on risk management, preventive maintenance, leadership, and operational best practices. At both conferences, Mayfield Schools Superintendent Dr. Michael Barnes delivered the keynote, **“You Matter;”** emphasizing the important role these professionals play in creating safe and supportive learning environments.

Recognizing Excellence and Investing in the Future

This year also marked the introduction of OSC’s **Circle of Excellence Awards**, recognizing 10 outstanding food service, custodial, and maintenance professionals, as well as Superintendent Barnes. Each recipient will have the opportunity to award a **\$500** scholarship to a Class of 2027 graduate pursuing a career in an operations-related field.

OSC, in partnership with GCSSA, also provided **27 additional scholarships** to districts participating in the conferences. Together, these efforts will provide nearly **\$20,000 in scholarships** to Class of 2027 graduates.

By investing in professional development, recognizing excellence, and supporting the next generation, OSC continues to celebrate and strengthen the people who keep our schools running.

Helping Districts Stay Safe, Compliant & Prepared

As members' needs evolve, OSC provides trusted, cost effective Professional Services to keep districts safe and prepared.

As districts face growing responsibilities for inspections, safety, and preventive maintenance, OSC continues to respond by developing cost-effective solutions tailored to the needs of schools.

For decades, OSC has provided consulting and operational expertise across business operations, maintenance, food service, safety/security and transportation. Over the past year, OSC also added the following Professional Services offerings:

- **Playground Inspections:** Implemented as a proactive measure to help schools ensure their playgrounds meet compliance standards through independent inspections.
- **Door Inspections:** Added in response to new state requirements, reducing typical inspection costs by more than **75 percent** while providing an independent assessment.
- **Bleacher and Weight Room Inspections:** Offered based on member feedback due to shortage of options available to help identify safety concerns, reduce risk and support preventative maintenance.

These services are featured in the OSC's updated Professional Services Brochure, creating a centralized resource for consulting, inspections and professional services. Contact OSC to request your copy and learn more about available services.

“*OSC's Maintenance Supervisor's Meetings allow veteran supervisors to share knowledge, wisdom and experience with our colleagues. I am honored to be asked to present and share on various occasions. The meetings promote a safe place to network, share best practices and innovative ideas*

David Boyer, Director of Building and Grounds, Shaker Heights City Schools

When Energy Costs Rise, We Help You Stay in Control

Through collective purchasing power, expert guidance, and advocacy, OSC helps members control what they can control, reducing costs and navigating an unpredictable energy market.

Electricity costs are increasingly shaped by market forces outside districts' control. OSC helps members manage what they can through strategic purchasing, education, and energy-management strategies and advocates for them when they can't.

Sharing Knowledge to Drive Savings

OSC shares practical strategies to reduce energy use and costs, including peak shaving, demand response programs, summer energy management, and ensuring facility rental fees cover utility costs.

Advocacy That Delivers Savings

Through collective purchasing and competitive negotiations, OSC recently secured an electricity supply rate more than **5 percent lower** than the previous contract.

Over the past two years, members have saved approximately **\$30 million** compared with the utility Price to Compare, while OSC's rate-case advocacy helps protect more than \$1 million annually in electricity and natural gas transportation discounts.

As energy markets change, OSC remains focused on helping members control what they can, and advocating for what they can't.

"With the guidance of the OSC Team, Warren City Schools was able to implement strategies to curtail our nonessential electricity use during non peak times of the school year, resulting in tens of thousands of dollars in additional savings for the district".

John Lacy
Director of Business Operations
Warren City Schools

A Milestone Worth Celebrating

The year ahead marks a special milestone: the combined 100th anniversary of the Ohio Schools Council and Greater Cleveland School Superintendents' Association. Stay tuned throughout the year as we celebrate a century of collaboration, leadership and service, and share special stories, events and ways to celebrate this remarkable legacy.
